

How to reach Milano

Milano is well served by three international airports, with train and/or shuttle bus connection to the town

[Milano Malpensa](#) - pay attention to the terminal, T1 and T2 are not at walking distance, a shuttle connect them

[Milano Linate](#)

[Milano \(Bergamo\) Orio al Serio](#) (Ryanair)

The train station Milano Bovisa, that is less than 100 m far from the Conference location, is on the route of the Malpensa Express, connecting the airport Milano Malpensa to the city center, it starts every 10'-20' and take about 40'.

How to reach the Conference (Milano Bovisa)

Politecnico di Milano, Campus Bovisa - Via Lambruschini 4

Buildings B27 and B28, less than 100 m from Train Station Milano Bovisa.

Trains every 5'/10' from the city center Milano Cadorna and Garibaldi Stations. Journey takes 5'/10'.

Accommodation

See the list of suggested hotels on the [CEPIUG website](#). We have selected some in the areas of Politecnico, Milano Cadorna, Garibaldi and Centrale Stations, which offers the best price-quality ratio.

If you wish to stay closer to the Conference location the best choice is the Hotel Sunflower, less than 10' walk from the Campus Bovisa, where you can avail of a very convenient rate reserved to the Conference participants.

Otherwise, we suggest to stay in the area of **Cadorna Station**, which is a nice zone, close to Castello Sforzesco, at walking distance to Piazza Duomo, then reach the Campus with just a short journey (10') by train. When you come back to the hotel in the afternoon you will have plenty of time to enjoy the summer evening in the city center!

An other option can be a hotel in the zone of **Garibaldi Station**, a trendy area with modern architecture, popular happy hours hot spots and fashion stores, 5' far by train to the Campus.

You can eventually prefer to stay close to the **Centrale Station**, where you can find a large choice of hotels of every level, but need to change at Cadorna or Garibaldi to reach the Bovisa Station.

You can perhaps find other good solutions through the most popular travel websites!
